

# USER MANUAL

## FUEL APP

R.K.S. Kaveesha | IT2019156 | 27<sup>th</sup> November 2022

App Name: Fuel App

Aim: Fair distribution of fuel among people amid of fuel crisis in Sri Lanka

FOR ADMINISTRATORS.....

Mobitel  
Hutch

9:20 AM

# Fuel App

Username

Password

**LOGIN**

**ADMIN LOGIN**

Not Registered?

**REGISTER**

Navigation bar with back, home, and recent apps icons.

Figure 1

First, log into the system using given username and password for the administrators. You need to click on “Admin Login” button. Then you will be directed to the following page.

Mobitel  
Hutch

9:20 AM

# Fuel App

Registered Name Name with District

Registered ID \_\_\_\_\_

**ADD FILLING STATION**

**ADD FILLING STATION DETAILS**

**MANAGE REQUIRED FUEL PER MONTH**

Consumer's Address:

\_\_\_\_\_

**REMOVE SUSPICIOUS CONSUMER**

Navigation icons: back, home, recent apps

Figure 2

There you need to add **all** registered filling stations under government body of Sri Lanka, inserting their registered names, but along with district, and their registered IDs. Then click on “Add Filling Station” button.

Also, the administrator can remove suspicious registered users in the app by inserting their unique address. (The consumer’s address is unique because the app only allowed the consumers to register single person per one home address)

The administrators need to add filling station details. The related button will direct to the below page.

Mobitel Hutch 9:21 AM

# Fuel App

Filling Station Name:

Niroshana Enterprises Fuel Station Col... ▼

Fuel Type      Petrol(92 Octane) ▼

Received Amount

Price of 1L

**UPDATE**

Navigation icons: back, home, recent apps

Figure 3

The list of registered filling stations with the app by filling station masters will be listed out to the above drop-down box. Then the administrator needs to update newly received fuel amounts and current prices regularly. That information will be displaying to the filling station masters. Therefore, the administrator's responsibility is high.

Once the administrator clicks on "Manage Required Fuel Per Month" button in the figure 2, then he/she will be directed to the following page.

Mobitel Hutch      9:21 AM

## Fuel App

Vehicle and Type Toyota A50 Car

Fuel Type **Petrol(92 Octane)** ▼

Amount (1 month) \_\_\_\_\_

**ADD/ UPDATE**

Figure 4

There, the administrator has the right to decide required fuel amount per each vehicle types per one month time, by discussing with the team members, and they are added into the database.

## FOR FILLING STATION MASTERS.....

First, they need to register into the app by clicking “Register” button in the figure 1. Once the station master clicks on that button a pop-up message will be displayed asking whether he/she is a fuel consumer or filling station master.

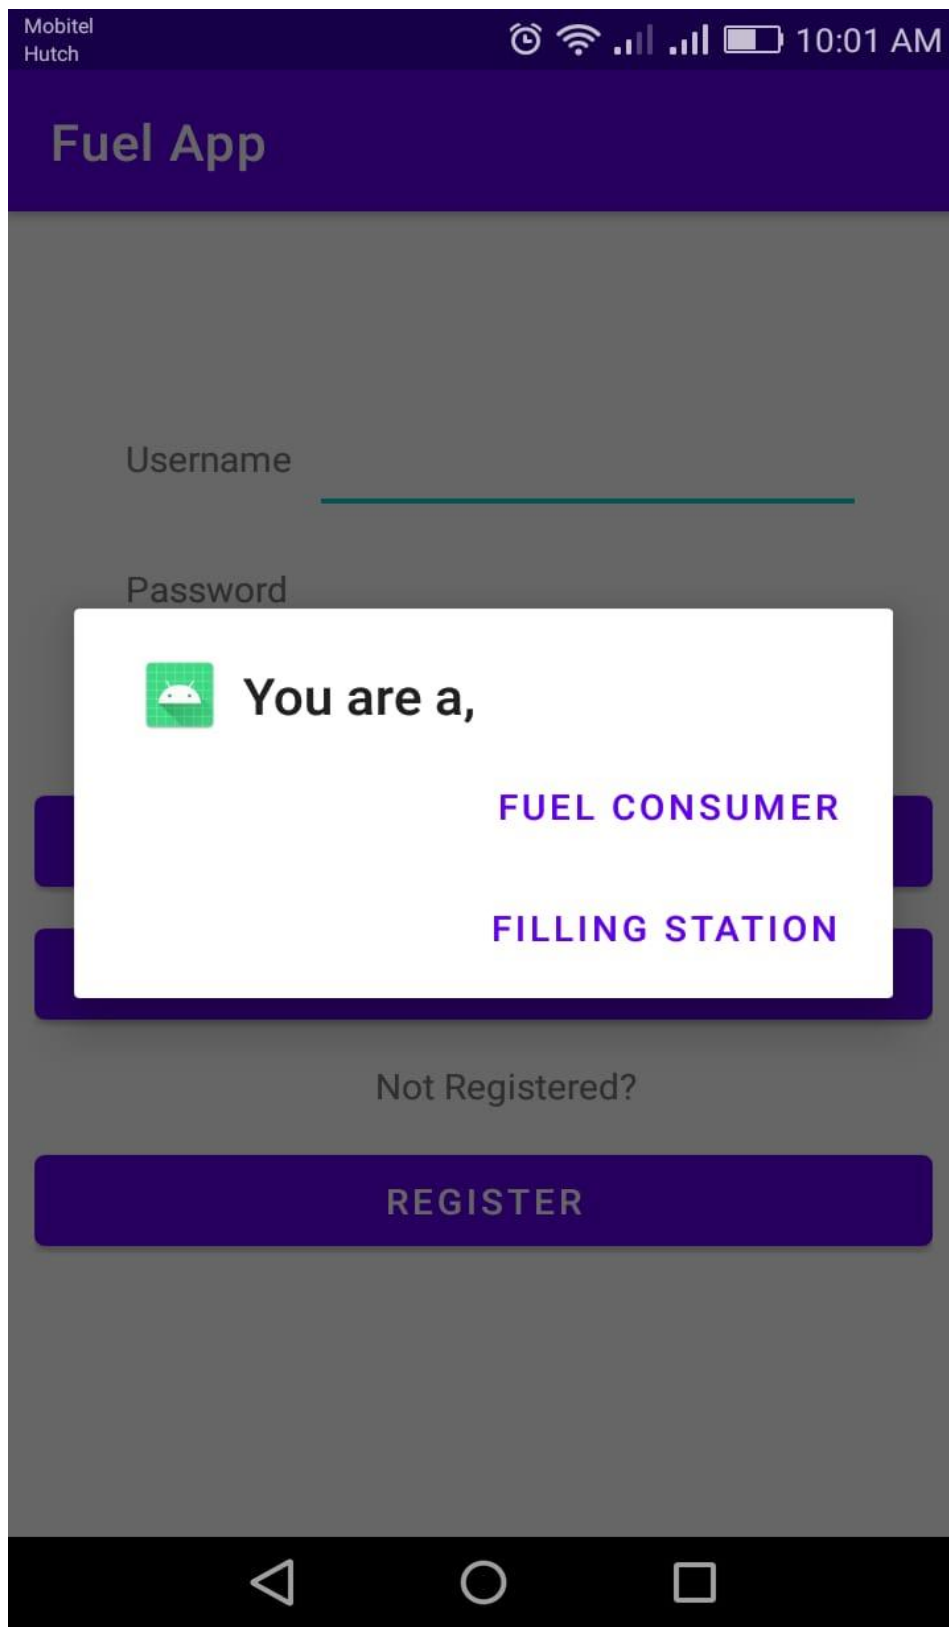

Figure 5

Then, the station master must click on “Filling Station” link. Then, he/she will be directed to the following page.

Figure 6

Then the station master must be filling displayed information but, the registered name and ID must be the same as the already filled filling station details by the system administrator. Otherwise, a toast message will be displayed as “Check with the admin” and you won’t be registered.

Once registered, now you can log into the system and view your filling station fuel information that has been added by the system administrator as in the below figure. You won’t have right to change!

Mobitel Hutch 10:03 AM

# Fuel App

Registered Name	Maco Filling Station Galle
Registered ID	CD1
Fuel Type	Petrol(92 Octane) ▼
Received Amount	4930
Price of 1l	230

Navigation icons: back, home, recent apps

Figure 7

## FOR NORMAL USER.....

First, you need to register. Click on “Register” button in figure 1. Then, figure 5 interface will be displayed. There, you need to click on “Fuel Consumer” link. Then, you will be directed to the following page.

Mobitel  
Hutch

10:19 AM

# Fuel App

Name Username

Address \_\_\_\_\_

District \_\_\_\_\_

Password \_\_\_\_\_

Confirm Password \_\_\_\_\_

**SAVE TO DB**

**ADD VEHICLES/ MACHINES**

Navigation icons: back, home, recent apps

Figure 8

Then fill your details and click on “Save To DB” button. Your record will be added into the database. On the contrary, remember two/ more members can not be registered with the same address.

Then to add your all fuel-required vehicles/ machines, click on “Add Vehicles/ Machines” button. Then, you will be directed to the following page.

Mobitel Hutch       10:20 AM

# Fuel App

Password

Vehicle/  
Machine Name  
with Type

Vehicle/  
Machine ID

**ADD VEHICLE/ MACHINE**

Figure 9

Once, you logged in, a map will be displaying, pointing all registered filling stations in your district as in the below figure.

Figure 10

Then click on one of the markers (the required filling station for you) and see whether it is possible to request fuel. Once you clicked, the following interface will be getting displayed.

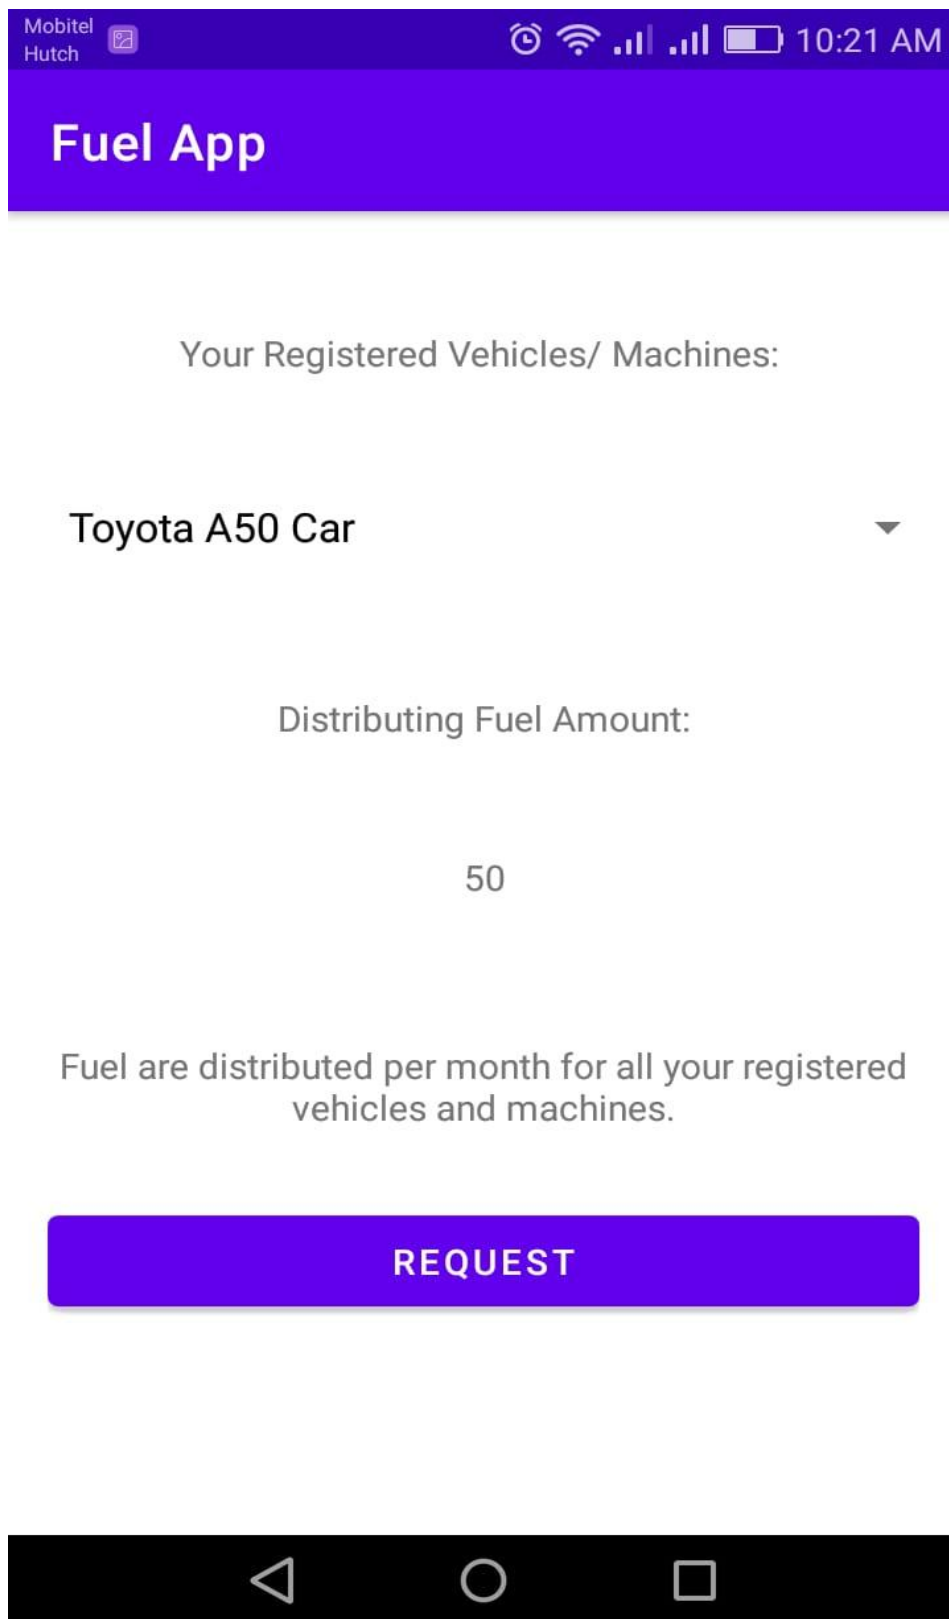

Figure 11

Once you clicked on “Request” button, the requested fuel amount will be deducted from the database and the button will be disabled for a month of time.

.....THE END.....
